NEW GAMES

No. 853 — DUCK SHOOT

Shoot the Waddling Duck and Win Score

Nicely finished wooden runway 46" long, felt is half 24" long. Wooden duck made of heavy wood and finished in attractive colors, when released at top of runway, slides down incline. The runway is spotted with numbers so that score may be kept wherever the duck is shot off the runway. Size of duck 6" long by 4" high. Furnished with all metal gun and rubber suction tip darts. Packed each in lithographed box. Weight per dozen 26 lbs.

No. 511 — SLUGGER BASEBALL GAME

All wood construction. Wood base 12" long x 6" wide. Four-color lithographed target mounted on wood, stands 9" high. When target is hit with dart from pistol, it automatically releases wooden throwing arm, which contains rubber ball. Ball is thrown in the air, so that the player shooting the dart may catch it. Furnished with two rubber balls, all metal gun, rubber suction darts. Packed in lithographed box. Weight 22 lbs. per dozen.

No. 507 — FLIPP

Size 14" high x 11" wide. All wood construction, transparent window. Wood lever when pressed throws colored wooden disks into numbered pockets. Pouch containing pockets is made of plywood. Background lithographed in four colors, attractively finished. New idea in scoring game. Packed each in corrugated carton. Weight 14 lbs. per dozen.

No. 233 — MUSICAL JIGGER

Hum any Tune and Press Lever

A new idea in kazoo-type of toys. Oblong metal tube 12" long x 1 1/4" square with kazoo on one end. On the other end there is a wood jointed figure nicely finished 7" high that stands on a metal plate. When a tune is hummed into the kazoo and the metal knob in the center of the tube is pressed with the finger, the wooden figure dances. Finished in bright colors. Weight 6 lbs. per dozen.

No. 509 — JITTERS

You Score When Bulb Lights

Brand new idea in scoring game with loads of play value. Size 18 1/2" x 10 1/2". Made entirely of wood. Top section is plywood with four-color lithograph mounted on it. When wooden handle with metal loop is moved along metal rod the bulb lights up when any part of the metal loop touches the rod. A hand that moves slowly can go the limit and get a high score. Completely equipped with battery. Sturdily constructed. Packed each in corrugated carton. Weight 15 lbs. per dozen.

CLICK POOL - HORSE RACING GAMES

Descriptions

No. 948 — CLICK POOL — To retail for about \$1.00

Mahogany finished wood, 32" long, 3" wide, 2" high. In the groove running the whole length of the wood is a metal track to which is attached metal clicks. Ball is hit by a cue stick to roll up the incline, and when it stops, a click in each number prevents it from rolling back. Skill is required to make the ball stop at the high numbers. If ball is hit too hard, it travels all the way up the incline and the player receives no score at all. Colored wooden ball $1\frac{1}{2}$ " in diameter, cue sticks 52" long. All metal parts are nickel plated. Packed each in printed folding box. Weight: 32 lbs. per dozen.

No. 951 — CLICK POOL — To retail for about \$1.25

Mahogany finished wood $36\frac{1}{2}$ " long, 3" wide x 2" high. Played same as above. Real pool ball $1\frac{1}{2}$ " in diameter. Regular cue stick 52" long. The numbers on the game are decalcomania. All metal parts are nickel plated. Packed each in corrugated shipping carton. Weight: 38 lbs. per dozen.

No. 953 — CLICK POOL — To retail for about \$2.00

Mahogany finished wood, same as the No. 951, except that the size is 43" long x $3\frac{1}{2}$ " wide x $2\frac{1}{4}$ " high. Played same as above. This size has a metal arrangement so that when the ball is stopped in the middle of the track, it is only necessary to pull slightly the metal bar which releases the clicks and allows the ball to return to the end from which the game is played. The numbers on this size are numbered Catalin discs. A real pool ball is used, $1\frac{1}{2}$ " in diameter. The cue stick is 36" long. Score pad furnished with each game. Packed each in corrugated shipping carton. Weight: 47 lbs. per dozen.

No. 957 — CLICK POOL — (Illustrated) — To retail for about \$3.50

Redwood finished in Mahogany, size 52" long x $4\frac{1}{4}$ " wide x $2\frac{1}{2}$ " high, cast aluminum ends nicely polished, assorted color Catalin discs with numbers stamped in gold, nickel plated metal cups beside each number for playing bets. Played the same as above. This size contains a metal release, so that when it is slightly pulled it automatically releases the clicks and allows the ball to roll back to the playing end. Real pool ball $1\frac{1}{2}$ " in diameter, cue stick 56" long. Packed each in corrugated shipping carton. Weight: 60 lbs. per dozen.

No. 907 — HORSE RACING GAME — To retail for about \$1.00
