PEG PICTURE SETS

No. 516 — PEG PICTURE SET

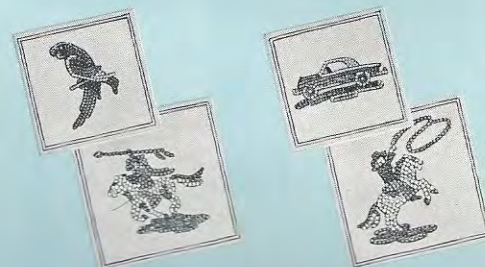

LARGE SIZE PEGS FOR "LITTLE HANDS"
PERFORATED CARDS WITH NUMBER GUIDE

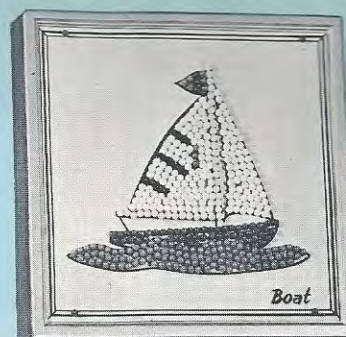

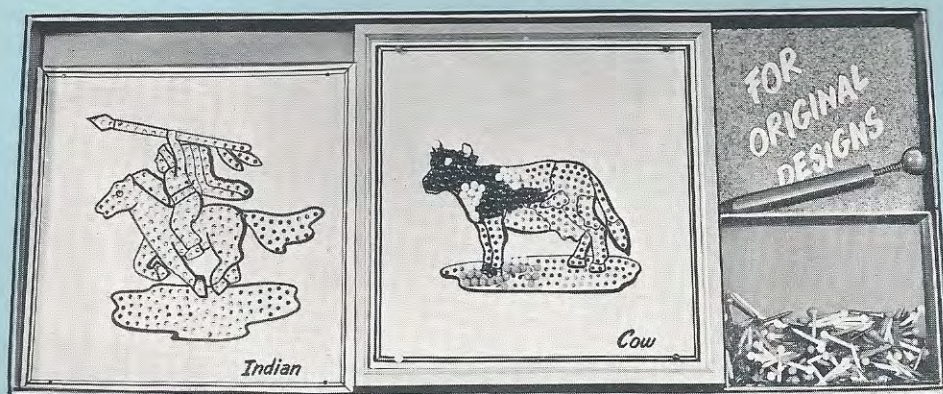

EASEL BACK

12 PERFORATED CARDS

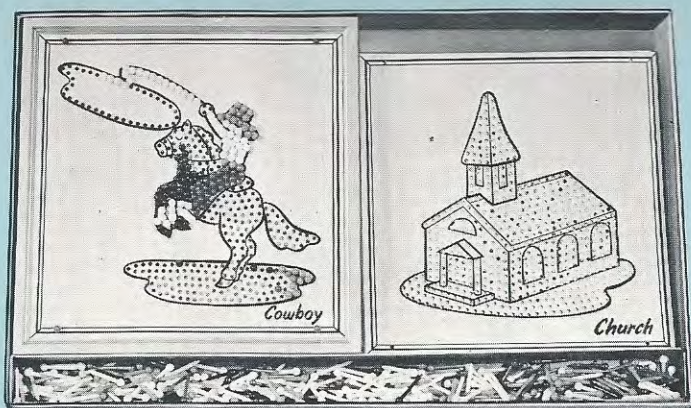

GILT WOOD FRAME

Heavy wood frame with easel back, approximately 9" square, finished in picture frame gilt. Twelve perforated picture cards each 8" x 8", printed and punched for 12 different subjects. Color areas separated and numbered for "coloring in" guide. 400 assorted colored large head plastic pegs approximately $\frac{3}{4}$ " long. Pegs may be easily selected and inserted by "little hands" and will stay in position when placed. Picture cards can be fixed in easel frame and used in inclined position. Blank cards, punch board, and safety punch included for original designs or copies. Finished pictures can be used temporarily for table or wall decoration or pegs removed and used in different design. A creative, fascinating manipulative toy with unlimited interest and use for boys and girls of all ages. Packed in illustrated set up box. $\frac{1}{2}$ dozen per carton. Weight 11 lbs. per carton.

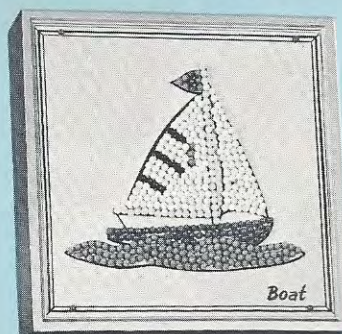

No. 515 — PEG PICTURE SET

LARGE SIZE PEGS FOR "LITTLE HANDS"
PERFORATED CARDS WITH NUMBER GUIDE

GILT WOOD FRAME

EASEL BACK

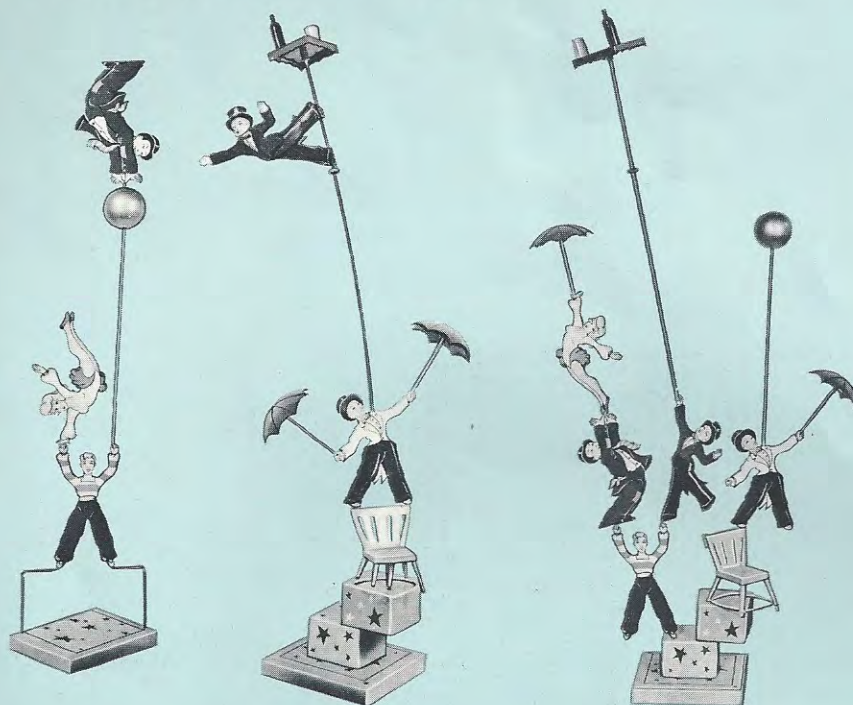

Same play action and frame as No. 516 except with six perforated picture cards printed and punched for six different subjects, 300 assorted colored pegs. Packed in illustrated set up box. One dozen per carton. Weight 13 lbs. per dozen.

No. 505 — TEETER TOTS

Fascinating Action — Many Combinations

Large Indestructible Figures — Figures Colorfully Decorated
May Be Set Up With or Without Pegs

TEETER TOT SETS

**WITHOUT
PEGS!**

A "swing and sway" balance set consisting of 5 large $5\frac{1}{2}$ to 6", highly decorated, thick, indestructible, interesting plastic figures with "great personal appeal". Figures colored on both sides, fitted with body arm and leg sockets in vertical and angular directions. One large wood base $3\frac{3}{4}$ x $5\frac{3}{4}$ and two wood blocks $2\frac{1}{4}$ " cube, each decorated and fitted with sockets for mounting all parts. Two formed wires, one large ball, two umbrellas, one chair with sockets and peg legs, one magnetic table with magnetized bottle and glass, two balance poles 12 and 16" long, rods and pegs. Parts may be used in unlimited patterns and combinations with or without pegs, developing skill, imagination and patience. By using pegs even "little tots" can create many fantastic assemblies over 30" high, new and different each time used. A new toy for both boys and girls of all ages. Packed in illustrated set up box with colorful COUNTER DISPLAY PANEL. One dozen per carton. Weight 25 lbs. per dozen.

No. 503 — TEETER TOTS

DOLL HOUSES

No. 510 — DOLL HOUSE

All Wood and Fibreboard Construction
Wall Papered Walls and Decorated Floors
Spacious Rooms
Built to Scale — Inch to the Foot
All Parts Prefabricated
Quickly Assembled
Easily Disassembled for Storage

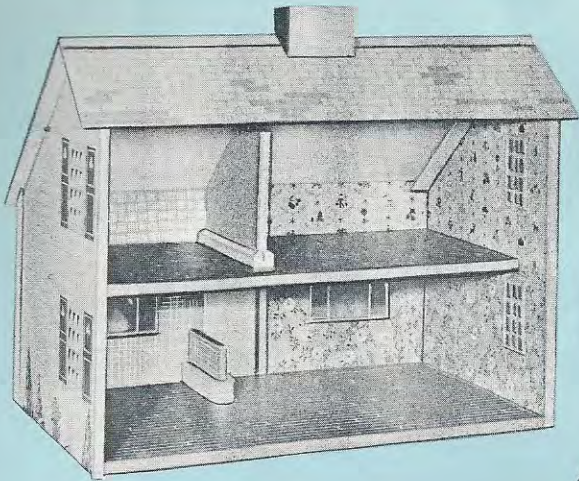

Large six room prefabricated doll house 36" long, 16" wide, and 23" high. Made from all wood and fibreboard and finished in white exterior, blue shutters and door, and gray and green trim. House has an all wood roof, serrated to simulate shingles and moulded on all edges and ends. Wood roof "boards" factory fastened to wood rafters. An "all wood" roof greatly contributes to finished appearance, establishes a doll house quality without comparison. All interior walls are papered, floors decorated and all supported with wood frames. Equipped with high impact plastic windows, swinging door, movable partitions, wooden staircase and chimney. Six large rooms with ample space for doll house furniture. A real play house beautifully finished in striking colors and patterns. All sections factory built and can be quickly assembled without screws or nails, using only factory furnished dome nuts and small wrench. May be easily taken apart when not in use and quickly reassembled as wanted. Packed in corrugated carton, one per carton. Weight 20 lbs. each.

No. 510M — DOLL HOUSE Same as No. 510 except with pink and grey "Masonite" roof.

No. 508 — DO-IT-YOURSELF DOLL HOUSE

Set contains all of the parts needed to make a complete 6 room doll house 36" x 16" x 23" high. All pieces are completely machined to size and require only finishing and assembly. All walls, roofs and floors are of "Tekwood" and "Masonite" and framing, posts and other details of wood. Exterior walls finished and stenciled ready for decoration. Included in set is all necessary hardware, wallpaper, window frames, floor tiling, wooden staircase, accessories and complete directions. With a little care a beautiful large doll house with real size "play" rooms can be made requiring no mechanical skill. All parts guaranteed and factory will replace any part spoiled in assembly for mailing cost only and upon receipt of unusable piece. Packed one per carton. Weight 20 lbs. per carton.

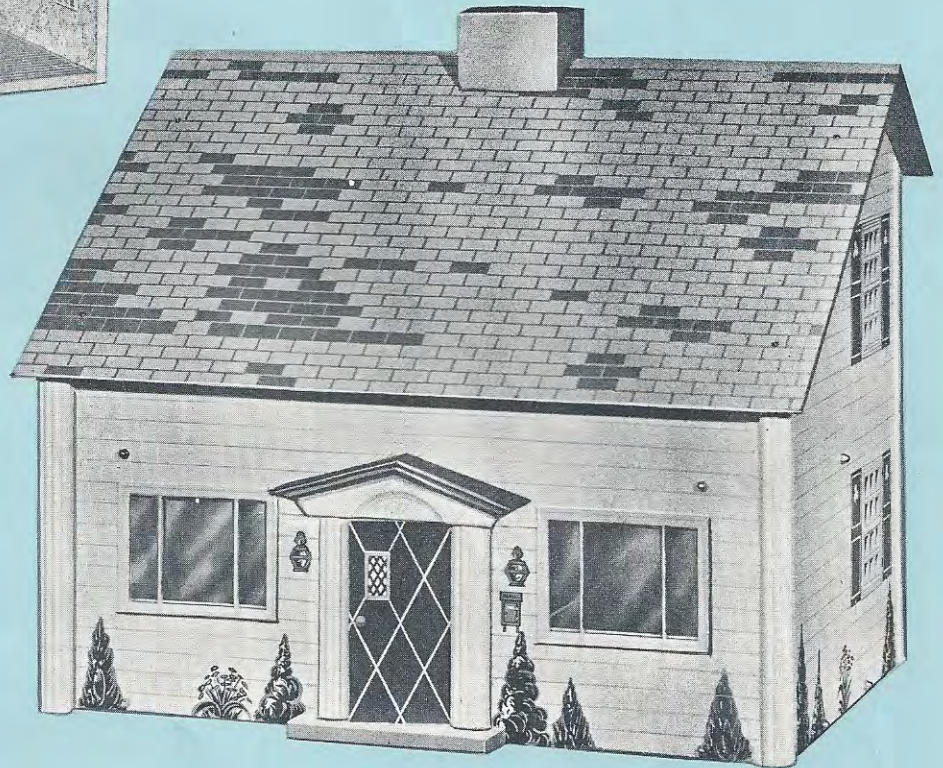

See illustration of No. 507 on opposite page.
